20 yard \$428.84	23' long x 8'3" deep x 4'5" high	10,000 lbs

Items must not extend outside the container. 90 days maximum rental time

PLEASE NOTE: Accepting delivery of container is agreeing to extra charges should they be necessary as established by delivery person or garbage truck driver. Fees must be paid before services are rendered. We do not place containers on the street or in the right-of-way. They must be located on property you own. Before delivering the container, a representative from Solid Waste will review and approve the location. After the location has been approved, delivery is usually made within two business days. Please call Solid Waste one business day prior to the day you wish to have it dumped or removed.

SPECIAL INSTRUCTIONS/TEMPORARY CONTAINERS

1. Use of a temporary container does not displace regular refuse service.
2. The container must be placed on the customer's property with a minimum space of 10'x10' available for front load containers. Containers cannot be placed in the street, in the right-of-way or on the sidewalk. If a customer requires a container to be placed in a right-of-way, a right-of-way use permit must be obtained and the receipt confirmed by Customer Service (941-240-8050) prior to delivery.
3. As a condition of service, container location requires City approval and a signed Temporary Container Rental Agreement must be on file at the Solid Waste Division.
4. Container damage is the customer's responsibility, and the customer must pay for all costs for repair or replacement, except only if due to City fault.
5. Generally, if the delivery truck is required to move/pull out a dumpster and a \$33.00 "pull out" fee is charged in addition to the disposal charge.
6. The container must be accessible for pick up by the solid waste truck. A return trip charge of \$33.00 is assessed if we must return to dump a container that had been scheduled and not dumped for any reason not the City's responsibility.
7. Rent is \$2.71 per day for a front load temporary container. Roll-Off container rent is \$5.41 per day.
8. All fees must be paid prior to container delivery.
9. Use of a temporary container is limited to 90 days maximum. After 90 days, the container will be removed from the customer's premises after reasonable attempts are made to contact the customer.
10. Call 941-240-8050 for pickup service. All requests for pickups require one business day advance notice (before 2 PM please). While the City will always attempt to work within the customer's schedule, time of day requests cannot be guaranteed.
11. Automated Garbage Containers are delivered and dumped on the regularly scheduled collection day.
12. Containers are limited to weights listed above. The contents must be able to fall freely from the container and lids must be able to close. Any debris extending above the top of the container will be charged at a rate of \$33.00 per cubic yard with a minimum charge of \$33.00. Roll-Off containers may not have debris extending above the top rim. Such overfilled containers will either be brought into compliance (at a charge of \$132.00 per hour and a minimum charge of \$33.00) or not hauled until brought into compliance, at the driver's discretion.
13. Customers are cautioned that refuse trucks and equipment can be heavy. Any conditions susceptible to damage (e.g. driveway, curbs, lawn, sprinkler systems, shrubbery, etc.) by delivery, placement or dumping of a container must be disclosed to the City in writing at or before the time of delivery. The customer waives all claims for property damage or other loss, injury or claim against the City arising out of the delivery, removal, or use of said container. The customer similarly agrees to indemnify and hold harmless the City against all loss or liability from risks or claims arising from container location or placement.
14. Customer accepts risk and responsibility for any illegal or illicit dumping.
15. A delivery charge accrues for cancellation of a container delivery request on less than 24 hours notice.
16. Signing the attached Temporary Container Rental Agreement acknowledges receipt and understanding of these instructions and a willingness to comply with same. Containers will not be delivered without a signed Temporary Container Rental Agreement on file.
17. **No hazardous materials, tires, appliances, or electronics may be placed in any container.**

Special Instructions: _____

This agreement is between _____ (**Property owner**) AND the City of North Port Solid Waste District (City). City trucks and refuse containers, because of their weight, may cause damage to property conditions such as driveways, curbs, lawns, sprinkler systems, septic systems, and shrubbery. Any specific premise condition susceptible to damage by ordinary container delivery, or special placement instructions regarding container placement or use, must be disclosed to the City at the time the container is ordered. Absent such disclosure, the property owner, as a condition of acceptance of such service, agrees to indemnify and hold harmless the City, from and against all liability and loss, including attorney's fees and court costs, that the City may sustain as a result of claims, demands, costs or judgments arising from the special collection of property owner's garbage. The property owner also agrees to all rules and regulations guiding the use of City containers. This agreement is effective from the date of signing, and will remain in effect as long as property owner rents temporary container services from the City. The Solid Waste Division reserves the right to deny service.

The signature below gives the City of North Port Solid Waste District employees authorization to enter the indemnitor's property for the purpose of delivering, emptying, or removing containers. The indemnitor also acknowledges that the above listed equipment will be placed in the driveway unless otherwise specified by the City. Further, I/we understand that without prior approval of the District, the maximum rental period for a temporary container is 90 days.

I certify that I am the owner of the property listed above or have power of attorney for the owner and have the legal right to abrogate the owners' rights in this matter.
